

Special Stipulations

- 1) The lessee shall construct and maintain a boundary fence around the state land. The lessee shall inform the DNRC Helena Unit Office (HUO) of all intentions to construct fencing on or around the lease to document the improvement. The boundary fence shall be a legal fence as determined by MCA 81-4-101.
- 2) A grazing management plan shall be completed and submitted to the Department by June 1, 2016. The lessee agrees to manage the lease in compliance with the allotted AUMs, and shall not overgraze any portion of the lease premise. The grazing plan must include pasture rotation, growing season rest, and utilization levels must not exceed 50% at any time.
- 3) The lessee shall develop a Noxious Weed Management Plan (NWMP) with the DNRC HUO to address noxious weed management concerns across the lease for the duration of the lease term. The lessee shall work with the Lewis & Clark County Weed District in conjunction with the DNRC HUO in the development and implementation of the NWMP.
